Tose Co., Ltd.

Tose Co., Ltd. was established in 1979, and this year is the 31st year since its establishment. It is headquartered in Kyoto, and it also has offices in Tokyo, Sapporo, Okinawa, Shanghai, Hangzhou, and California. According to our creed to serve as “silent force behind-the-scenes”, approx. 1,000 staff is engaging in planning and developing game software, mobile phone content, as well as providing support services for collaborative projects between companies. As an independent game developer that specializes in commissioned development, it has variety of clients including game software publisher, content providers, and etc. It has developed over 1,780 titles (as of Feb. 2010), which is the world’s best development record for entertainment content. With its rich know-how for game software development and capable staff, Tose is firmly supporting major game software publishers here and abroad.
